**CHANGE**

## **SIDE WALL METAL CHANGE**

### Objective

As part of the constant work on improvement, we are changing the size metal of the Artisan 11x7 shed.

The change comes to improve the hold between the side metal to the wall panel.

It will be an ongoing change starting November 2021.

## SIDE WALL METAL CHANGE

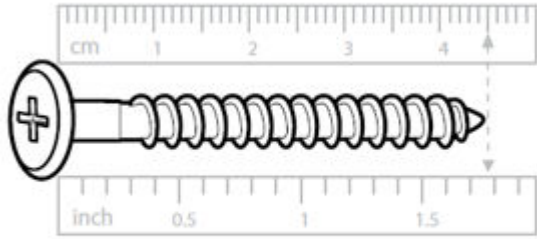

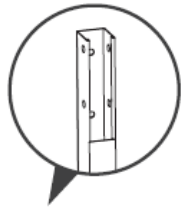

### Spear parts

Customers can use the old side metal or the new side metal.

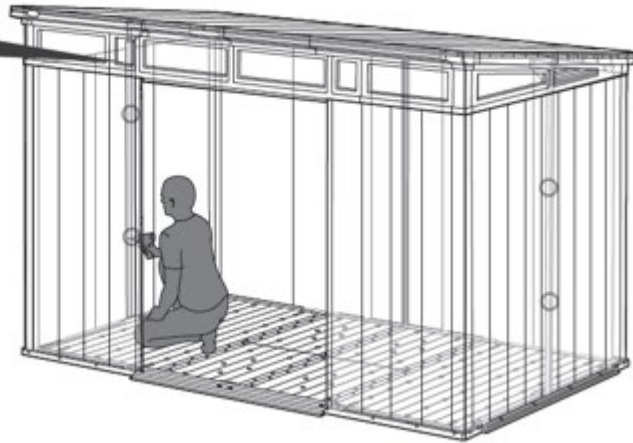

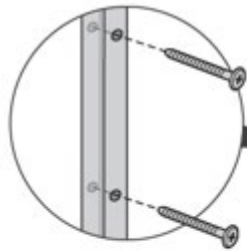

But additional screws will be required if it was not the original metal supplied with the shed.

Customer requests side metal set	Old Metal NESM1	If 587220 SET available in stock -> Send it If 587220 is not available in stock -> Send 5008239 +4 SC15 Screws
	New Metal NESM2	If 5008239 available in stock -> Send it If 5008239 is not available in stock -> Send 587220 +4 S45B Screws
